

AUGUST 2022 HONOR ANGEL

Asher James Freimuth-Bingham

12.20.2021

Asher James Freimuth-Bingham passed away peacefully in the arms of his loving parents at UVA Medical Center in Charlottesville, VA on December 20, 2021.

Asher had been given a fatal diagnosis early in the pregnancy of bilateral multicystic dysplastic kidneys. Love knows no limitations so his mother bravely carried him through a very painful pregnancy with his daddy right by her side. Asher's love also knew no limitations as he defied what doctors said; moving in the womb to let his family feel his presence.

His family is extremely grateful for his brief time here on Earth where he has touched many lives and is deeply loved.

- The Freimuth-Bingham Family
